

# VILLAGE OF WILLIAMS BAY WALWORTH COUNTY, WISCONSIN

## **BUILDING PERMIT APPLICATION**

**IMPORTANT:** No permit will be issued until this permit application is filled out completely and accurately. Also, a drawing of the construction to be performed must accompany your application.

**NOTE:** No work is to be started without a permit issued from this office

**NEW HOME OWNERS:** Before a building permit can be issued, you must take care of the following permits and fees:

- (1) Plumbing and electrical permits (includes service)
- (2) Sewer hook-up fee
- (3) Street opening performance bond (if necessary)

You must also submit an energy worksheet or heat loss statement and erosion control plan before a permit is issued.

**PLUMBING:** All plumbing permits involving the installation of service lines require a certificate of insurance from the plumber performing the work.

**WATER & SEWER:** Water and sewer lateral inspections are required prior to backfilling. Call the Williams Bay Building Inspector at 245-2704
